

Aluminium Folding Power Chair Self Propelled Ability

Combining sleek, aluminium-alloy design with advanced mobility for both indoor and outdoor use. Smooth, brushless dual-motor drive reaching up to 6km/h and delivering a 20km range per full charge from its efficient 24V 18Ah battery.

With a robust 110kg load capacity, it smoothly handles obstacles up to 40mm and climbs 6° inclines whilst maintaining stability on 9° slopes.

Thoughtfully crafted with foldable frame, easy manual override allowing users to navigate as they would in a standard wheelchair, it's the ideal choice for freedom, comfort, and reliability.
